

Module 1

The Magppie Story: 50 Years to Wellness Kitchens

Magppie as a Wellness Movement, and the one unified company story.

Competency: Trust & Credibility

Reading pack contents: module reading · verbatim source material · narration script

The Magppie Story: 50 Years to Wellness Kitchens

Mission statement (verbatim — do not alter)

Our mission is to transform ordinary homes into wellness homes. Spaces that keep you, your family, and the planet safe.

Magppie positions itself as a Wellness Movement, not a kitchen company — the sale is health, safety, and 25 years of peace of mind, not just a product.

The company story — one unified version, no variations

- Never lead with "35 years old" / "40 years old" / "we were into stainless steel".
- Always lead with: 50+ years group heritage → 20+ years in kitchens → 9+ years of SilverStone (first SilverStone kitchen installed late 2016).
- Recently opened a store in Florida, USA, and won the Most Unexpected Innovation award at KBIS 2026, Orlando — the world's largest kitchen show.

PART 2 · VERBATIM SOURCE MATERIAL (2 SECTIONS)

The sections of the master training document this module is built from — word for word, for reference and revision.

§1.1 — Mission Statement

VERBATIM SCRIPT — use this exact wording

"Our mission is to transform ordinary homes into wellness homes. Spaces that keep you, your family, and the planet safe." Magppie is not a kitchen company. Magppie is a Wellness Movement. We do not sell kitchens — we sell health, safety, and 25 years of peace of mind.

§1.2 — Company Story (Use This Exact Version — No Variations)

VERBATIM SCRIPT — use this exact wording

NEVER say: 35 years old / 40 years old / 'we were into stainless steel' as the opening line. ALWAYS lead with: 50+ years group heritage → 20+ years in kitchens → 9+ years SilverStone. "Magppie Group has been in business for over 50 years. For the past 20+ years, we have been creating kitchens and wardrobes. Our first SilverStone kitchen was installed in late 2016, giving us 9+ years of real-world performance validation. We are now expanding globally — we recently opened a store in Florida, USA, and won the Most Unexpected Innovation award at KBIS 2026 in Orlando, the world's largest kitchen show."

PART 3 · VIDEO NARRATION SCRIPT (ENGLISH)

The narration for this module's video — readable now, listenable once the video is produced.

Before we talk about what Magppie sells, let's talk about who Magppie is.

Magppie Group has been in business for over 50 years. For the last 20 of those years, the focus has been kitchens and wardrobes. And in late 2016, something changed — the first SilverStone kitchen was installed. That gave us real-world proof, not a lab claim. Nine-plus years of kitchens living in real homes, holding up.

Today, Magppie is expanding globally — a store now open in Florida, USA, and in February 2026, we won the Most Unexpected Innovation award at KBIS, the world's largest kitchen show, standing alongside brands like Caesarstone and LG.

One thing to remember: when you tell this story to a customer, always lead with the 50-year heritage, then 20 years in kitchens, then 9 years of SilverStone. Never open with an inconsistent number.
