PART 3 · VIDEO NARRATION SCRIPT (ENGLISH)

The narration for this module's video — readable now, listenable once the video is produced.

Not every call is yours to close alone, and knowing when to hand off is part of doing the job well.

Escalate immediately if a customer asks for a discount or a 'final price,' mentions legal action, needs custom dimensions, becomes upset after two objection attempts, asks about partnerships or bulk orders, asks about refunds, or asks something genuinely outside this training after two tries.

Know your store map — Delhi, Mohali, Mumbai, Surat, with Bangalore and Hyderabad opening soon, plus Florida. If a customer's city isn't listed, offer a sample delivery or a video call instead — never 'we don't serve you.'

Keep the five-second pitch ready: Magppie makes the world's first kitchens entirely from stone — zero wood, zero formaldehyde, zero termites — antibacterial, scratch-proof, with a 25-year guarantee and 25 annual services.
