THE PRICE ANCHOR (VERBATIM)

Wood material < Rs. 100/sq.ft.; SilverStone material ~Rs. 500/sq.ft.; Magppie kitchen Rs. 8,400–10,800/sq.ft. (all-inclusive); branded wood kitchen: similar price, but toxic + high maintenance.

Payment milestones — UNRESOLVED CONFLICT

Source | Claimed split

- AI Bot Master Training Document ("Single Source of Truth") — 50% advance · 40% before dispatch · 10% after installation
- Notion "50/30/20 Operating System" + Sales Manager Script — 50% advance · 30% design approval · 20% pre-dispatch

[CONFIRM PAYMENT SPLIT] — DO NOT TELL CUSTOMERS EITHER SPLIT AS FACT

These cannot both be right. Until leadership resolves it, do not quote a specific split to a customer — say the wellness consultant will confirm the payment schedule during the design phase. The quiz question on this is built but its answer key is held; it is not graded.

What the milestones unlock (per the Notion 50/30/20 page): each payment milestone transfers the project between teams — the advance starts the engagement, the mid-milestone gates design/production, and the final milestone precedes dispatch/installation. The exact percentages await [CONFIRM PAYMENT SPLIT].

PART 2 · VIDEO NARRATION SCRIPT (ENGLISH)

The narration for this module's video — the same voiceover you hear on the module page.

Price with total confidence — because everything about Magppie pricing is fixed, transparent, and defensible.

Wellness Kitchens: eighty-four hundred to ten thousand eight hundred rupees per square foot, by finish. Wellness Wardrobes: seven thousand three hundred twenty. A typical ten-by-ten kitchen: twelve to fifteen lakhs, excluding accessories, appliances, and GST.

Included: SilverStone cabinets and shutters, internal shelves, soft-close hardware, factory fabrication, transport, and installation. Quoted separately: accessories, appliances, premium upgrades. The customer's scope goes into a written scope matrix before confirmation.

The guarantees do the selling: twenty-five years, unconditional, on the stone. Ten years on hardware. Two on lighting. And twenty-five complimentary annual services.

When price pressure comes, anchor it: wood material under one hundred rupees a square foot. SilverStone, around five hundred. A Magppie kitchen, eighty-four hundred to ten-eight all-inclusive — while a branded wood kitchen costs about the same and brings toxins and maintenance with it.

On payment milestones: the schedule starts with a fifty percent advance, and your wellness consultant confirms the full schedule during the design phase. Do not quote a full split from memory — the standard is under review.
